

UV-C 110W

CEILING MOUNTABLE LAMP

Air and surface UV-C disinfection

Disinfect and decontaminate rooms after hours or during breaks. The disinfection cycle can be completed in less than 10 minutes.

Genesis Advance's UVC disinfection lamps are evenly and strategically spaced in the ceiling for maximum coverage to eliminate shadowing and deliver pathogen-lethal UV dose.

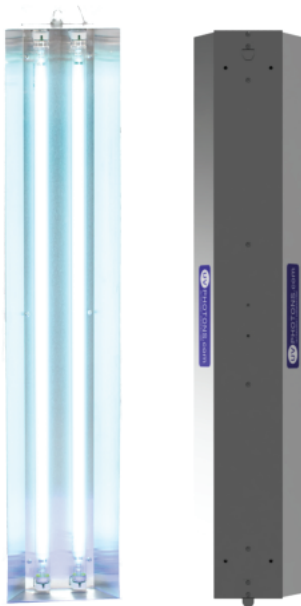

Genesis Advance's lamps connect with motion detectors, timers, and contact doors detectors to ensure the room is closed and unoccupied when the UVC lights are operating.

Run time	Coverage*	UVC exposure
10 minutes	4m x 4m	> 880 J/m ²
30 minutes	4m x 4m	> 2,750J/m ²
60 minutes	4m x 4m	> 5,280 J/m ²

*Based on mounting height of 2.5 m. Multiple units required for larger rooms and areas, or to reduce shadowing caused by partitions or large items in the room.

*Require to be mounted on a ceiling and connected to electricity by a professional. No cables included.

Specifications:

Stainless steel
Reflective aluminium
Lamp Useful Life (Nom): 9000h
Power: 110W
Mercury (Hg) Content (Nom): 2x4.4mg
UV-C Radiation at 100 hr: 34 W
Input Power: 220VAC / 60Hz
Dimensions(h,l,w): 7.6cm, 93.5cm, 18 cm
Weight: 2kg
